

Requests for College Site at RM Continue

Council To Take Action

Palm Springs City Council members today indicated they would climb on the rapidly moving bandwagon launched by resort communities clamoring for a junior college site nearer the "desert population center."

The council indicated that it would support by resolution yesterday's official declaration of the Rancho Mirage Chamber of Commerce and recent proposals of other civic groups seeking a college site on Rio Del Sol Road at Rancho Mirage.

DIRECTORS OF the speedily reactivated Rancho Mirage chamber aimed a telegram at junior college trustees recommending the Del Sol site because of its easy access and "central location."

The actions of the council and Rancho Mirage group followed in the wake of protests registered by Thousand Palms and Cathedral City Chambers against location of the future College of the Desert on a site at Indian Wells Cove, east of Palm Desert.

MEMBERS OF THE Coachella Valley Junior College District Board of Trustees have indicated their determination to acquire the Indian Wells property owned by oilman Ray Ryan.

Ryan has announced his reluctance to sell the property, posting a price well above board offerings, and the board has indicated its intent to proceed with negotiations, possibly continuing to the point of condemnation.

Announcement of a board resolution declaring "intent to condemn" the Indian Wells property was rapidly followed by resolutions of protest from Cathedral City, Thousand Palms.

A GROUP OF Rancho Mirage property owners joined the apparently spontaneous "campaign" Friday with a resolution urging the Board of Trustees to secure a 240-acre site on Rio Del Sol Road, owned by hotelman Hank Gogerty.

Directors of the Palm Springs Chamber of Commerce had previously voiced a "consensus" favoring the Del Sol Road site.

The resolution drafted by the Rancho Mirage group Friday was followed yesterday by a telegram from Don Cameron, Rancho Mirage chamber president, recommending the Del Sol Road site.

CAMERON SAID the chamber directors, largely inactive for the past year, have "re-organized" to point up three principal reasons for the Del Sol site, which is rated second on the list of four possible sites by the college district trustees.

The points — accessibility, central geographic location and placement in the population center of the desert area.

Plane Seat Belts Protect 69 From Injury

BOSTON — UP — A modern airliner's simplest safety device—the seat belt—was credited today with saving 69 persons from injury when the nose wheel of an American Airlines plane collapsed on landing Monday night.

The front end of the four-engine DC-6 nosed down with a jar when the wheel mechanism gave way seconds after the craft touched the landing strip at Logan International Airport at 150 miles an hour on a flight from New York.

Nursery School Hearing Again Set

The second round of a public hearing on a hotly-contested nursery school application gets underway at a City Planning Commission meeting here Wednesday.

Continued hearing on Edith Ritter's application for a conditional use permit to operate a nursery school in the exclusive Tennis Club district is scheduled at 3:05 p.m. in the City Council chambers at City Hall.

LAST WEEK'S hearing was postponed when the commission lacked a quorum to hold a meeting. The first hearing round on the proposed school, located at 230 South Patencia Road, brought scores of letters in support and in protest.

The commission meeting opens at 3 p.m., with hearing on application of Cameron Center for a conditional use permit for outdoor dining in conjunction with the Springs Restaurant at 960 South Palm Canyon Drive.

THIRTY-SECOND YEAR

A FOND FAREWELL from Zaddie Bunker, Palm Springs' flying great-grandmother, marked the departure of the 30th Tactical Fighter Squadron for Moron AFB in Spain. Zaddie, who carries the rank of "honorary lieutenant colonel," gave her farewell kiss to Lt. Col. Robinson Riser just before he led his squadron in takeoff from George Air Force Base. The squadron was recently "adopted" by the City of Palm Springs and plans to work in cooperation with Village citizens in furthering a friendship mission, including a girl's orphanage, established at the Moron base by other Air Force units. Zaddie is regarded as the "great-grandmother of supersonic flight" by the 308th, which sent her aloft in a jet fighter to garner the title of the world's only faster-than-sound great-grandmother. UNDERSECRETARY APPOINTED BY IKE

WASHINGTON (UP) — President Eisenhower today nominated Undersecretary of Commerce Henry Mueller, 65, to be secretary of Commerce.

Mueller succeeds Lewis L. Strauss, former Atomic Energy Commission chairman who resigned after his nomination was rejected by the Senate.

THE NEW APPOINTEE was a Grand Rapids, Mich., furniture manufacturer before he became assistant secretary of commerce for domestic affairs in 1956. He was named undersecretary last Nov. 3.

During World War II, Mueller served as president and general manager of Grand Rapids Industries, a group of wood products manufacturers who pooled their facilities to make troop-carrying gliders and other aircraft equipment needed in the war.

MUELLER IS AN Episcopalian, a 32nd degree Mason, a Shriner, a member of Tau Beta Pi national honorary engineering fraternity, and the Congressional Country Club.

WEST COVINA, Calif. — UP — Dr. Bernard Finch, 41, faced arraignment today on a charge of murdering his estranged socialite wife, Barbara.

Finch, who according to police chief Allen W. Sill maintains he was in Las Vegas, Nev., at the time of his wife's slaying, was returned here Monday from the desert resort.

Dr. Finch was a frequent visitor to Palm Springs, and had participated in tennis tournaments here.

Other items listed on the commission agenda:

APPLICATION OF George Alexander for tentative approval of Racquet Club Road Estates No. 4; application by Bonaire Hotel for architectural approval of suspended Iouves on Indian Avenue frontage.

Application of Dr. E. E. Kupers for architectural approval of alterations and additions to Medical Arts Building at 1000 North Palm Canyon Drive.

ADOPTION OF major street plan for Section 30, in conjunction with adopted zoning map; preliminary report on upgrading subdivision requirements; application by Ralph Meyers for approval of additions to units at 517 East Vista Chino.

Application for architectural approval of a restaurant located on the triangle formed by the junction of south and east Palm Canyon Drives.

Dump Site Plan Delayed For 30 Days

Thousand Palms Ask Formation Of Site Committee

THOUSAND PALMS — Chamber of Commerce directors here won a 30-day "stay of execution" on plans for a new county dump site.

The directors have 30 days in which to come up with an alternate location for a waste disposal site before the county proceeds with its proposed dump action.

THE "STAY" FOLLOWED chamber protests on a County Planning Commission recommendation that the dump be located on easily attainable property located off Ramon Road at the Southern Pacific railroad tracks near the west entrance to Thousand Palms.

County Supervisor George Berkeley met with chamber directors this week and imposed the 30-day time limit on a search for an alternate site after Chamber President Mina Welcome suggested that a committee be formed to seek out a "more suitable location."

MRS. WELCOME proposed that a committee be formed of all interested communities — communities which will be served by the dump — including Palm Desert, Thousand Palms, Rancho Mirage, Cathedral City and Thousand Palms. Jack Ivey was appointed as Thousand Palms' committee representative.

Berkeley said that hearing on condemnation proceedings for one of the proposed sites has been continued for 30 days and that action will continue then if "no suitable site is made available within that time."

The county had planned to condemn a site located about a mile east of Date Palm Drive, south of Ramon Road. The owners of this site offered to sell the county the Thousand Palms area site as an alternate to their Date Palm Area property.

Leahy Services Set Thursday

WASHINGTON — UP — Funeral services will be held at Washington National Cathedral Thursday for Fleet Adm. William D. Leahy, former chief of naval operations and World War II presidential adviser.

Leahy died Monday at the Navy Medical Center in nearby Bethesda, Md., after a cerebral vascular failure. He was 84.

Animal Shelter Meet Set July 23

INDIO — An open-to-the-public session of the desert Humane Society Thursday evening will probe the problem of lost, strayed and abandoned dogs and cats in the Coachella Valley.

The meeting, slated for 7:30 p.m., Thursday, in Cal-Farm Insurance Company offices at 82-259 Highway 111 in Indio, will present at least one possible solution to the problem.

"A SHELTER supported jointly by city, county and the Desert Humane Society is the aim," the Society's leadership said. The Society is currently awaiting a decision by the Indio City Council on use of the city's pound for the program.

"The uncivilized and illegal abandonment of dogs and cats on the desert can be virtually eliminated," declared Society President Fred Williams.

A FINE STATE OF AFFAIRS, when a pup-dog has to bunk in with a kitten-type cat. But, despite such irksome (for the cat) occurrences as this friendly bit of ear-pulling, the cat and the dog prefer it that way. Actually, there's room for both dogs and cats at the Palm Springs Animal Shelter, where this impromptu scene was recorded, but the place is filling up fast since many residents seem to be leaving their pets behind during vacation time while others, somehow, are

failing to take advantage of the fine pet adoption service of the shelter. You can adopt either the cat or pup-dog (but it'd be a shame to separate such a pair of pals) by traveling to the East Ramon Road shelter between the hours of 3 and 5 p.m. every day of the week. Humane officers Bill Mueller and Earl Mull will be more than happy to help choose a pet from among a score or more of canine and feline tail-waggers. (Sun Photo).

Nixon to Talk To Khrushchev On Berlin Crisis

WASHINGTON — UP — Vice President Richard M. Nixon will confer with Soviet Premier Nikita S. Khrushchev in Moscow Sunday on the Berlin crisis, atomic tests, disarmament, trade and other East-West issues.

The vice president, who leaves Wednesday on an 11-day tour of Russia, also is expected to talk with Khrushchev about prospects for a summit meeting between the Soviet leader, President Eisenhower, British Prime Minister Harold Macmillan and French President Charles de Gaulle.

NIXON WILL confer with Eisenhower Wednesday. While there was no indication Nixon would carry any special presidential message to Khrushchev, the White House meeting largely will determine the substance of his conversation with the Soviet premier.

WOMAN SUCCUMBS TO ELECTRIC SHOCK

A 25-year-old drug store cashier was electrocuted here this morning when she reached into an icecream freezer that was apparently charged with electricity from a short circuit, police reported.

LaVerne Garrett Fletcher, of Tramview, was pronounced dead on arrival at Desert Hospital a few minutes after she touched the charged box, hospital officials reported.

A SECOND STORE employee, liquor clerk Homer Rossen, reported he narrowly escaped the same fate when he attempted to pull the cashier from the box.

Rossen told police that he went into a store room and saw the woman bending over the chest, a standard-type deep freeze unit which opens at the top.

The woman's head and shoulders

were inside the box and Rossen thought she had fainted. He said he put his hands on her waist to pull her free and was immediately jolted by the same current.

FIRE DEPARTMENT officials who checked the box a few minutes later said the refrigerator motor apparently had a short circuit.

They theorized that the cashier was grounded by water in or near the box and that the water amplified the standard 220-volt electrical current when she touched the metal case of the freezer.

A fire department rescuer squad attempted to revive the woman, but she was pronounced dead on arrival at the hospital some 15 minutes later.

Mrs. Fletcher, a former nurse's aide at Desert Hospital, lived with her parents, Mr. and Mrs. George Gotsch, of 67-797 Cove in Tramview.

Funeral arrangements will be announced later by Wiefels and Son Mortuary.

FT. DEVENS, Mass. (UP) — Lightning struck an encampment of Army reservists Monday night, killing one man and injuring 17 others, the Army disclosed today.

The Army said lightning bolts struck a bivouac area of about 1,000 Reserve Officers Training Corps cadets during a thunderstorm.

The encampment was at Mirror Lake on this sprawling Army base.

SHERIFF'S DEPUTIES SEEK HEAVY-FOOTED BURGLAR OF HOME

DESERT HOT SPRINGS — Sheriff's deputies today continued to "follow the footsteps" of the heavy-footed burglar who raided the home of Hans Kleinjung, at 10-020 Verbena.

Deputies said the burglar literally kicked in three doors, leading from the garage to the main house, to loot the dwelling of easily transportable furniture and appliances.

Value of the dining room and kitchen furnishings was not determined.

Deputies also reported that burglars broke into the Hitting Post cafe here, taking about \$12 in silver from a pin ball machine and a cash register drawer.

Berlin Truce Demand Held Crux at Meet

'All-Berlin' Session Lashed by Western Representatives

GENEVA — UP — The West warned Russia's Andrei Gromyko today that it is prepared to see the Geneva Big Four Conference broken off unless he immediately drops his filibuster against a Berlin truce.

The East-West negotiations could break down within several days—possibly Wednesday—unless Gromyko starts talking business, the western ministers declared at a showdown lunch meeting in Gromyko's own headquarters.

THE MOVE MADE it clear that western patience had run out after 7½ weeks of Geneva foreign ministers' talks that brought East and West no where near agreement on Berlin.

It also was made clear that the West was in full agreement to face the risks that might go along with a break in talks. This included the risk of a hotter Berlin crisis if Russia carried out its threat to conclude a separate peace treaty and cut off western rights in West Berlin.

IRONICALLY, TODAY'S private showdown took place in the Soviet foreign minister's own villa and in the absence of Secretary of State Christian A. Herter.

Herter sent two deputies to the start of the lunch meeting while he attended a "courtesy" lunch with a top International Red Cross official whose organization is involved in a repatriation dispute between Japan and the Republic of Korea.

HERTER LATER drove directly to the Gromyko villa after lunching with the Red Cross official.

While waiting for Herter to join his western partners, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville took the lead in time-limited talks on German reunification.

This demand has deadlocked the Big Four talks through the nine-day period since the Geneva conference resumed for its second round.

Herter already had warned Gromyko that continued insistence on the price of a Berlin truce might well lead to a quick end of the Big Four meeting.

Atomic-Powered Ship

Mamie Christens Savannah Today

CAMDEN, N. J. — UP — Mrs. Dwight D. Eisenhower cracks a bottle of champagne today on the steel prow of the N.S. Savannah, the world's first atomic-powered merchant ship.

Called the world's safest vessel, the Savannah — named for the first steamship to cross the Atlantic Ocean — will go into full commercial operation after approximately 2½ years of tests. Construction of the ship is expected to be completed by early next year.

BUILT AT THE New York Shipbuilding Corp. here at a cost of \$40,950,000, the Savannah is 505.5 feet long, can carry 9,400 tons of cargo and will accommodate about 60 passengers in addition to a crew of 100 to 130 officers and men.

Developing a cruising speed of 21 knots on 22,000 horsepower, the Savannah will be able to sail at full power for 3½ years and cover about 300,000 miles without refueling.

THE SAVANNAH, described by President Eisenhower as "a floating laboratory," eventually will be chartered to a private operator to be used in normal commercial service.

Until that time, however, a lengthy shakedown period will pass. For the first six to 12 months after outfitting is completed and the 1,551-pound fuel core of uranium oxide pellets is loaded into the reactors, the sleek vessel will undergo "initial tests and trials." This period will serve to iron out any of the bugs which often develop in machinery as revolutionary as the Savannah's.

Bing's Boys Set For Las Vegas

LAS VEGAS, Nev. — Bing's boys bounce into Hotel Sahara here July 28 for a three-week, three-day engagement that will mark their Strip debut as performers.

While this gambling oasis sometimes has been termed the "playpen" of the Crosby youngsters, Gary, Lindsay, Phillip and Dennis never have appeared on stage here singly or collectively.

NEVERTHELESS, THE talented four will bow as nightclub veterans following warmup outings across the country, where local critics have accorded accolades of major importance.

For their nightclub jousting, the singing four have invested sever-

al thousand dollars and a tremendous amount of labor, backed by the talent of Nick Castle, Dick Stabile, Bill Thompson, Jack Brooks and Harry Crane.

Rounding out the Crosbys' debut in a Stan Irwin presentation will be the Six Ashtons, the Sahara Girls — keyed up by the presence of the two available brothers — in Shew Hitchcock productions, and Louis Basil and his orchestra.

OPENING THE same night in the Sahara's Casbar theatre will be dandy Don Rickles, who will have four built-in targets for his barbs and will form a parley that should test the durability of the entire Strip.

Appearing along with Rickles will be the Salmas Brothers, Johnnie "Scat" Davis, Jessie and the James Boys, and Sando Deems.

Set to appear throughout the Strip will be: Desert Inn, McGuire Sisters; Dunes, Frankie Lane through Aug. 5, followed by Jack Carson; El Rancho Vegas, Joe E. Lewis; Flamingo, Jan Murray and Diana Dors; New Frontier, "Holiday in Japan"; Riviera, Red Buttons and Georgia Gibbs; Sands, Johnny Mathis and Joey Bishop; Stardust, "Ecstasy on Ice"; Thunderbird, "Ecstasy on Ice"; Tropicana, Carol Channing.

There are 50 countries in the world whose governments maintain health and maternity insurance programs.

LONGTIME MUSICAL FAVORITE Ted Flo Rito, whose bands have played the best hotels and clubs of the nation for more than a quarter of a century, showed up for dinner at Howard Manor this week and was talked into playing some tunes on the Manor Room's grand piano. Houseguests last week at the Bagley and Hoveplan Tamarisk Oasis ranch on Dillon Road were two of John Kyle's sisters, whom he hadn't seen for 63 years. They were Sister Benignus of the Order of Providence sisters who celebrated her 50th Jubilee last year in Vancouver, B.C., Canada, at the Holy Family Hospital, and Sister Aloysius of the Franciscan Order, a teacher at St. Frances Convent in Brooklyn, N. Y. who will observe her 50th Jubilee in October.

Marie Maher has pulled a slight switch. She returned Sunday from a two weeks vacation at Pacific Beach and brought home a beautiful tan. She also brought Mrs. Mary A. Seeley, who resides at the beach out for a visit with her son and family, the Myron Seeleys' here.

A letter from Ronnie J. Pendergast, son of T. D. and Nellie Pendergast, who is on sea duty with the Merchant Marines, informs that he left San Francisco on Sunday for Honolulu on the first leg of a South Pacific tour on board the S.S. C. E. Dant. He expects to return to Los Angeles sometime in September.

Visiting here with long time friends and a guest at the Phil Smith home is Gerald McMillan of Huntington Beach. "Mac" is a former resident of North Palm Springs.

Mildred L. Budd of Alhambra and Ora McLean, who owns a home on 6th Street in Desert Hot Springs are out for a few days of sun on the desert.

Mr. and Mrs. Clyde Hancock and son Dean, are back from Banning to their home here on Sanborn Street. After planning to spend the summer in Banning, they decided North Palm Springs is the place to live.

Enjoying the hospitality of Sammy Wheeler at an impromptu get-together on Thursday evening at her apartment were May and Vickie Gill and Arlene and Jolene Norvil of Palm Springs, Phil and Betty Smith, Bill Lawton, Helen Willis and Orpha Geier, May Gill and Arlene Norvil are co-workers of Sammy's at Uncle John's Pancake House in Palm Springs.

Attended a "fish - fry" outing on Friday evening at Whitewater with Bill and Ann Messer and Little Pamela. Joined Mildred E. Jackson, Palm Springs Realtor and her party consisting of her daughter, Mrs. Francis D. Cooiey, of Los Angeles, and Alice Doby of Edinburgh, Scotland. Miss Doby, who has served as governess for Mrs. Jackson's son, Capt. Francis E. Jackson and family came over on a polar flight last week and will remain here for a year or two. Capt. Jackson and family will arrive here Aug. 1 for a month's vacation from the captain's duties with the Air Force in England. Miss Doby had a new experience in "landing" her first fish and attending her first "fish-fry" party.

Dear Abby... by Abigail VanBuren

DEAR ABBY: I once heard an old lady say, "When children are young they step on your toes and when they are older, they step on your heart." These are the truest words I have ever heard.

My daughter is 12 and she knows everything. She has no respect for anyone. She is a pretty girl but has the ugliest disposition I ever saw for a girl her age.

The kids get worse every day. Is it because they get too much? I know I am not the only mother with this problem because I hear other mothers say the same thing. I wish you could give me some good advice. I am at my wits' end.
MRS. C.

DEAR MRS. C.: By the time a child is 12, you either have the CHILD trained or the child has YOU trained. Giving a child "too much" will not spoil him unless he has had "too little" discipline. It's pretty late for new rules at your house, but if I were you, I'd get in the driver's seat and lay down the law.

DEAR ABBY: We had the sad experience of losing a premature baby girl. She lived only five days. We named her.

We are wondering if it would be proper, if and when we have another little girl, to give her the same name? We loved that name.
PARENTS

DEAR PARENTS: It would be proper. The decision is entirely up to you.

DEAR ABBY: I am 33, divorced and have a 6-year-old daughter. I've been going with a widower who has a 9-year-old son. He is well-to-do and would make an ideal husband.

He says he is very fond of me and I know I love him. Should I wait and hope that some day he'll break down and marry me? I

DHS Road Work Plans Announced

DESERT HOT SPRINGS — A fully planned but suddenly disclosed section of roadway that would link North Indian Avenue with the controversially-ridden Dry Morongo Route of State Highway 187 was released this week with Riverside County Road Department's estimated \$60,000 worth of improvements for this area.

The Desert Highways Committee and the Desert Associated Chambers of Commerce has consistently opposed the selection of the Dry Morongo route for the linking of Highway 60-99 with the High Desert area.

THE TWO ORGANIZATIONS have sought use of Little Morongo Canyon as a "more logical" route for the highway.

The County Road Department estimate on road jobs to be instituted in the Desert Hot Springs region includes a total of \$27,000 for paving of Indian Avenue from its intersection with Pierson Boulevard northwest to the Twenty-nine Palms Highway.

ffered by Clyde V. Kane, district engineer for the Division of Highways, who said that the price of the Dry Morongo route of Highway 187 would "not exceed \$2,600,000." Kane said that the Little Morongo route would probably run about \$4½-million or twice the Dry Morongo cost.

OTHER ROAD JOBS planned in Desert Hot Springs area by the County Road Department include: —Paving of Bubbling Well Road from Dillon Road to 20th Avenue at an estimated cost of \$10,700.

—Seal coating of Pierson Boulevard from West Drive to the Twenty-nine Palms Highway at an estimated cost of \$4,900.

—Seal coating of Mountain View Road between Dillon and Varner roads at an estimated cost of \$3,200.

—Approximately \$14,000 worth of seal coating on portions of more than 25 additional Desert Hot Springs streets.

DHS Recreation Program Now In Final Stage

DESERT HOT SPRINGS—With attendance at swimming instruction classes reported excellent, the Desert Hot Springs recreation program is now in its final two weeks of supervised activities.

The program, being conducted mainly at DHS School, includes baseball, basketball, volleyball and other games. The program is conducted from 8:30 - 11:30 a.m., Monday through Friday.

The swimming instruction program is under the direction of Suzie Coombs.

More Firemen To Be Hired

City Council has authorized the immediate hiring of additional firemen and will allow the start of 66-hour a week shifts for local firemen.

The new budget calls for the hiring of additional personnel to fill out the complement of the department.

Fire Chief Bill Leonisio said that the new change will be put into effect on Aug. 1.

Cost per person is \$1, with persons planning to attend asked to contact Joe Butler FA 4-1690, or Clare Ballagh, FA 8-2419.

MOUNTED POLICE members also were asked to make known their desires regarding use of the Rodeo Arena facilities.

Questions involved are whether members want to have their own headquarters, trophy room, rescue equipment storage and private meeting place, or continue renting from Los Compadres, and also whether members would participate or work in equestrian events such as roping contests, gymkhana and broom polo for the benefit of the Mounted Police.

Golz will be followed by the Redland's Bowl Ballet which will perform excerpts from the Tchaikovsky's "Nutcracker."

Harry Farberman will conduct the Bowl Symphony in accompaniment for both programs.

Parking Meters Net \$1,986 in June

Palm Springs parking meter flags waved more last month than any previous June as droves of Village motorists added \$1,986 worth of meter coins to the city's coffers.

City Finance Director Shelby Langford said total receipts for all of fiscal 1959 hit a near-record \$38,142 as the year ended June 30.

The best year on parking meter records is 1957, when motorists pushed \$38,242 — just a scant \$100 more than 1959 — into parking meters scattered along major thoroughfares.

The parking meter take for all of 1958 was \$37,030, Langford noted.

Hospital spokesmen said the ex-secretary's heart condition involved high blood pressure.

Lucille McCarthy Attends 5-Week UCR Workshop

Lucille McCarthy of Palm Springs is among 30 teachers from Riverside and San Bernardino counties attending a five-week University of California at Riverside Extension Workshop on community resources.

The workshop will end Friday, and material gathered about industries and agencies and opportunities in this area will be put together into a final report for their use when they return to classroom and school office.

Copies of the report will also go to libraries in junior and senior high schools in the area, and to the various industries visited by the group.

The Community Resources Workshop, a credit course in University Extension for teachers, is being held under the auspices of the Industry Education Council of San Bernardino and Riverside counties, which also sponsors the Science Fair for students.

New Radio Units Installed at Fire Stations

State Forestry stations at North Palm Springs, Desert Hot Springs, Thousand Palms and Cathedral City have become part of the huge network of radio-united fire stations throughout California with installation of two-way radio equipment, it was announced this week.

Installation of the equipment will enable each of the stations to maintain constant contact with units in the field and will also enable the desert stations to contact one another immediately on any emergency.

A high pressure, low pressure fire truck, purchased used, was delivered to the North Palm Springs station this week, an additional announcement disclosed.

The Almanac

Today is Tuesday, July 21, the 202nd day of the year, with 163 more days to follow in 1959.

The moon is approaching its last quarter.

The evening stars are Jupiter, Saturn, Venus and Mars.

On this date in history: In 1861, the first major military engagement of the Civil War took place at Bull Run Creek, Virginia.

In 1873, Jesse James held up the Rock Island Express in the world's first train robbery at Adair, Iowa.

In 1925, John Scopes, a high school biology teacher, was found guilty of teaching the theory of evolution at Dayton, Tennessee. The state was assisted in its charges by William Jennings Bryan and Scopes was defended by attorney Clarence Darrow.

In 1944, Franklin D. Roosevelt won the Democratic presidential nomination for the fourth time.

In 1945, an unconditional surrender ultimatum was issued to Japan by the Allied powers meeting at the Potsdam conference.

Thought for today: Poet William Rose Benet said, "Jesse James was a two-gun man."

Nova Scotia is Latin for "New Scotland."

Women Don't Know — BOSTON (UPI) — President Patrick B. McGinnis of the Boston & Maine railroad asked a luncheon gathering: "How many here know how much they pay for state and Federal gasoline taxes?"

He was surprised when the only woman in the room promptly answered: "Nine cents."

Asked how she knew, Miss Emily Rockett explained: "When you pay on 500.00 gallons a year, you know." She owns a Boston taxicab company.

Nothing Short of 99 Year Leases Will Assure Indian Land Development

Authorization by Congress of anything less than 99 year leases for Indian lands in Palm Springs and other areas will fall short of providing a workable or satisfactory solution to this urgently pressing problem.

The reason is that 99 year leases are automatically acceptable for bank financing, insurance and other absolute essentials to proper development of both residential and commercial properties, while leases of shorter terms are not.

Time was when most leases on Indian land were for a one year period only and this everyone knows, resulted in flimsy ramshackle construction most undesirable in every way.

Finally came five year leases with renewals at two and one-half years, making seven and one-half year tenancies possible. This was a slight improvement in some respects but generally unsatisfactory.

Recent authorization of 25 year leases with an option for an additional 25 year renewal bettered the situation in some instances but still falls far short of making possible adequate long term financing for the most desirable developments of a permanent nature by institutional capital.

The situation would be changed hard-

ly at all by the bill providing for 50 year leases with a 25 year renewal upon which hearings are now being held in Congress. Financing will still be hard to obtain and then only under many restrictions and excess costs.

As stated at the outset, nothing short of 99 year leases will make it possible for full financing of developments of all kinds on land owned by tribal members, which is of vital concern and would be of great benefit to the Indian owners, the developers, the community and the general public.

In fact, 99 year leases are a "must" if the people of the Palm Springs area are to progress and prosper as they have every need and right to do. Every organization and individual should join in expressing this urgent request to Congress without delay by letter, wire and other means at the earliest moment.

Every possible effort should be made immediately to seek an amendment to the bill during the present hearings extending the length of leases from 75 to 99 years.

There is every reason this should be done and none whatever to stop short of the required period for a permanent and completely satisfactory solution to the most important problem facing the community today.

Let's Have the C-Jets

LOWRY AIR BASE, COLORADO — There are "airlines" in this country which do not own a single airplane. The number of "airlines" is increasing at the rate of two per month.

If these statements seem phony — that's because they are, more or less. You can rent planes and found an airline on a shoe string and make good money by selling airline to the Armed Services. The oldest planes in the world today are hauling petroleum products to the Arctic, and are moving bits and parts of aviation equipment from the factories to the line. No wonder the quickie airlines are propagating like rabbits. It's another way to "get government business."

THERE IS NO sneer in those quotes. The quickie airline business for Federal contract hauling is a lot more honest than some of the high income tax dodges, and a lot more productive than raising "basic crops" for Government warehouses.

Unhappily, however, the appetite for "government business" often turns into gluttony. The Pentagon's airlift called MATS (Military Air Transport Service) already spends 57 per cent of its flying budget on contracts with 90-some private airlines. It goes without saying that the large, established lines usually give the best for the Federal dollar.

BUT THE SMALL, quickie lines go places and do things that no other firm would bother about. Also there is a lot of sentiment in this country for small

business. Everything would be dandy except for the glut of a few hustlers, sometimes abetted by their Congressmen and Senators, who keep pounding the table and passing their plates for more of the MATS business. There is no better time for the American public to understand the need for improved military airlift, to get behind its supporters and to get wise to the gimme groups. It would be wrong to belittle the necessity of cooperation between military and civil aviation in all fields.

THE PENTAGON puts great reliance upon its contract carriers, and upon the Civil Reserve Air Fleet, called CRAFT. But the amount of this reliance — and the cost of it — must be determined by the Pentagon and not by private enterprise. The Pentagon acts from military necessity, while private enterprise exists for profit — and these are two different things.

Last summer the crisis developed in Formosa at the same time that the tourist trade was at its peak. The Air Force called upon 10 different airlines for help — and received 10 refusals. The President could have requisitioned the entire civil air fleet by proclaiming a national emergency, but if we are going to keep cool in the Cold War, we must avoid emergency — always and take things in stride.

"THE MATS FLEET is getting older," I am told by Lieut. Gen. William Tunner, the MATS commander, who ran the Berlin airlift. "We can do the job today, but as time goes on we

must replace the older planes which are more costly to maintain as time goes by."

This is putting the case very mildly. MATS today is operating around the globe with a fleet mostly composed of four-engine, piston-driven planes fully a generation behind the times. No other overseas airline in the world is as obsolete as MATS in passenger lift.

When it comes to the special mission of carrying weapons — missiles, rockets, atomic warheads — MATS now has a full squadron (about 20 operative planes) of C-133's, which are propjets or "half-jets." And there is a request before Congress to provide MATS with a small number of pure jet cargo planes, called C-jets.

IT SEEMS INCONGRUOUS that the Free World's military lifeline is still waiting for C-jets. The British and Canadian equivalents of MATS have been flying jet Comets for several years. Aeroflot, the Russian equivalent, is supposed to be well supplied with large jet transport. Everybody but the USA!

The economies of modernization go like this. The speed and size of 20 propjets like the C-133's make them equivalent in payload to 42 piston-driven cargo planes like the current C-124's. But 10 C-jets would do the work of these 20 C-133's or of these 42 C-124's.

The 86th Congress should not go home without a careful look at the need for a modernized military airlift.

—Holmes Alexander

This Side of The Sun By Phat

A little bit groggy. And somewhat beat. But I'll finish this trip Still on my feet.

Hinsdale, Ill. Friday, 7-17

It isn't the physical contact with the four grandsons that bothers me.

That's easy. There is only room on my lap for one at a time and even then, it's pretty crowded.

IT'S THE MENTAL hazard. Picture yourself on the witness stand with four sharp lawyers firing questions at you at once. You've got to be alert.

You satisfy Grandson No. 1 with the answer to his question. Half an hour later, No. 3 asks you the same question.

If the answer is different, as it was last night, you've lost your luster as an oracle and sage.

You're a bum.

I LIKE THIS country around here. They're building homes and freeways like mad just as in Southern California but every little while you come across thick stands of trees, large areas of them.

These are the forest preserves which the state, or the county, has established to save the original woods.

It's a refreshing change from the Southland where they are eliminating most of the orange groves to build row upon row of identical houses.

EN ROUTE between Chicago and Hinsdale, or vice versa, we often go through Cicero. Cicero had a bad reputation during the prohibition — spawned gangster days. It's a respectable suburb now.

Police use unmarked cars. The accident rate is low.

Always recall the incident last year when the doctor was driving me home with two of the boys in the back seat.

We were listening to a White Sox - Yankee game at Comisky Park on the car radio.

THE BLACK CAR pulled alongside and the officer, sitting next to the driver, thumbed us over to the curb.

"Going a little faster than the law allows here, young feller," he said. "Let's see your driver's license."

"Ummm, a doctor, eh? There's two kinds of people I don't like to write tickets for — doctors and priests."

"One saves your life while you're here, the other sees to it that it's going to be all right after you go."

"NOW, I GUESS you weren't being reckless. Get along with you but be careful. Hold it a minute —

"Aaaaah. That loafer." Looks at a third strike with the tying run on third. We'll never beat the Yanks.

"Coupla nice boys you got there. I bet that's their granddad next to you. Well, good luck to you. Take it easy."

And we went along at a sedate 25 mph.

Yup, I like Cicero.

The Chicago News says it's hot in Palm Springs. Heck, it's hot here, too. And sticky.

'I Guess Statesmanship Just Won't Do It'

STAN DELAPLANE'S Postcard

Our Dog Inc., the world's only incorporated dog, disappeared a week ago. He was at his normal pursuit — he herds lizards — when we drove down to the village. And when we came back he was gone.

When he did not come back all night, we called the police and the pound. But no result. He was a very good dog and we are pretty upset.

INC. CAME TO us several months ago as a puppy. He chewed things until I was distracted.

Mainly he chewed our 4-year-old son's pants. He got the child by the seat of the pants. And the child tried to run one way while the dog tugged in the other direction. What with thisaway and thataway the seat of the pants went very whicaway.

THAT POOR BOY never had a pair of pants with a seat in it. He had no more seat in his pants than a pair of Mexican chaps. However, it never bothered us except when I took him downtown. Then I made him wear a raincoat.

I had this dog incorporated because he was supported by a corporation I had lying around the house. I thought maybe it would give him prestige.

(He was mainly Australian shepherd, but his mother was a war bride.)

THERE WAS A chance that this dog was kidnapped for his money.

If so, I hope the people will return him. This corporation was just something we kept on the shelf to give ME prestige.

For a good many years my wants were simple and I had a salary to match. We do not spoil the help in the newspaper business and one of the most modest pay checks was reserved for me.

HOWEVER, I WAS happy enough and knew just where my money went. I got it on Friday. I went across the street to Hanno's Happy Haven for gentlemen journalists. And I cashed it — paying off the weekly nudge I had run up during the moment of truth.

When I was paroled from the dailies, I increased the living wage and moved into our suburban paradise.

In our neighborhood, you cannot have an ordinary scatter. It must be approved by a real estate board — so you should not run down the property values.

I QUIT CASHING my checks in aperitif parlors and put it in the village jug. The banker and I had a dignified nodding acquaintance.

I got a barbecue pit so we did not have to cook comfortably in the house like the squares. I got a couple of agents and a couple of lawyers and a Brooks Brothers blazer.

We lived high on the hog, I can tell you.

I also got a corporation which is nearly as important in our set as an outdoor barbecue. Oh, yes, I got three shares of Ford stock.

NOW A MAN in that position has POSITION. I mean I quit reading the comic strips on the commute bus. I looked at the FINANCIAL page!

I looked at it and I looked worried. Anybody could see I was a man of substance. A man who did not pay off the weekly nudge with a paycheck. A man who was up to his Brooks Brothers collar in plenty debt.

I also got myself a psychiatrist, a hypnotist and a twice-yearly checkup by a fancy doctor. (I used to just take an aspirin. But noblesse oblige, you know how it is.)

THE ONLY REALLY ordinary thing we had around the place was this ordinary dog. And the ordinary boy with no seat in his pants.

Pride goeth before a fall. Nothing would do but I must give this dog my corporation — I kind of lent it to him. Anyway, he was supported out of corporate funds and I think he had a piece of my corporate attorney therefore.

And I SUSPECT some dastard read about this dog. And came around and lifted him. That is what I think. So please bring him back.

True, the boy now has pants with a seat in them. But he misses the dog. And, to tell you the truth, so does the corporation.

EARL WILSON:

On The Las Vegas "Strip"

On The Las Vegas "Strip" — I'm way out west where men are men and women are naked.

Semi-nudity (that's when a lady doesn't wear anything north of her hips) was started years back by Gypsy Rose Lee and is spreading thisaway. Besides the Stardust Hotel's fabulous Paris Lido show with about 15 nudes, and Harold Minsky's Dunes show with another 15 bare-topped beauties, Bill Miller will present nine Japanese nudes in a revue at the New Frontier — and the Thunderbird has announced "Ecstasy On Ice" which will feature ten nudes on ice skates.

"Las Vegas is chest one of those towns," you might say.

As a small-town Middle-Western Methodist who can remember when a chest was something you put clothes into instead of taking clothes off of, I'm still a little shocked —

But on looking over the Stardust's new Lido show (it was the Stardust which elevated semi-nudity to respectability here), I realized that some Middle-Westerners brought about the European attitude which now prevails.

The guy who lined up the Paris gals is one-time Cleveland Frank Sennes, now of Los Angeles, and their "housemother" is Tommy McDonnell, of Scranton and Chicago, who was given a testimonial in a Chicago church recently.

Tommy gallops around the lobby blowing a whistle to summon the European gals. "Call that one over," I asked Tommy.

He blew the whistle — and the girl who spun around and came to us (fully dressed to have dinner) was Irene Mayhew, of Irish descent and from Capetown, South Africa.

"I used to be a mannequin," she said. "I've got two children and I went into this to support them."

A beautiful Los Angeles singer, Beverly Richards, who rehearsed in Paris with the girls told me that the French females' contempt for clothes surprised her. "You take Marion Conrad," Beverly referred to the leading

French girl in the hour-and-a-half extravaganza. "She would rather walk down the streets here nude than with clothes on."

"She came into the Casino one day in a bikini. I had to chase her out," Tommy McDonnell said. "She broke up a crap game."

The Stardust show plays to about 1750 customers a night — which is historic. Ironically, the star of the show is not a nude gal—but Alfredo Alaria, a French boy dancer.

Milton Berle alludes to the Stardust's success in his act at El Rancho Vegas. "I'd like to congratulate Jack Entratter and the Sands hotel," Milton says, "on their plans to burn down the Stardust..."

THE MIDNIGHT EARL IN N.Y. . . .

Carol Channing says she wanted to take the Marlene Dietrich impersonation out of her café act, "but my 32 bosses at the Las Vegas Tropicana were aghast. They are making me a new costume for it, and the tab's going to be ten grand." . . . Ventriloquist Paul Winchell will do summer stock, minus his dummy, Jerry Mahoney . . . Victor ("Big Circus") Mature proposed to Joy Urwick by phone, N.Y. to L.A.

Dorothy Dandridge's groom, Jack Dennison, is now her mgr., too. . . Pat Gaston, the 11th ex-Mrs. Tommy Manville, is trying to reconcile with him. . . A movie exec wanted to film the Gov. Long story, but the governor snapped: "They can do it when I die — and I'm not gonna die!"

WISH I'D SAID THAT . . .

Those who complain that radio is old-fashioned should remember that it's never been accused of showing old movies. — Lester Klimek, Quote.

TODAY'S BEST LAUGH . . .

Whatever happened (asks Ken Kraft) to the wonderful type of woman who couldn't stand to have a man underfoot when she was doing the housework?

A bachelor is a man with no ties except those that need cleaning. That's earl, brother.

MIKE CONNOLLY:

Salute to Lady, Not Crown

Hollywood — Playboy Magazine Yvette Vickers is leading contender for the role of "Laverne," the hip-swinging chorus girl who upsets President Harding's smoke-filled room in the new political play by Jerry Lawrence and Robert Lee, "The Gang's All Here" . . . Betimes, Yvette and her new husband, screenwriter Leonard Burns (they were wed this past June 16), are seeing separate psychiatrists in an effort to save their falling-apart marriage.

I ribbed the first-generation Irish Mayor of Chicago for hosting England's Queen Elizabeth so elegantly in Chicago a few weeks ago. Replied his Hibernian Honor, Richard D. Daley, "Everything turned out okay because I explained to my Irish constituents that we were saluting a lovely lady, not the Crown of England!"

TAINA ELG, JUST divorced from ceramist Carl Bjorkenheim and Keith Larsen of MGM-TV's Northwest Passage series, ditto from starlet Susan Cummings, have calendared a very personal co-starring mission of their own after they finish co-starring in MGM's "Mission of Danger." Meaning they'll be married.

Fabian arrived for his first film, Fox's "Hound Dog Man," and also enrolled in Fox's Little Red Schoolhouse, since the singer is only 16. He wrote this on the slate of schoolmate Tuesday Weld: "You're for me, doll!" He also tells me he wants to meet Sandra Dee but then doesn't everybody?

Frank Sinatra noodled it on the "Never So Few" set about a wealthy Texas studio visitor: "Rich? I hear he's so rich he wears contact lenses sunglasses!"

OLIVIA DE HAVILLAND Galante pens from Paris: "I just finished shooting 'Libel' in London and may do another picture pronto. This would break my rule of only one production a year — except of course when I was engaged in the production of my children, Ben and Gisele!"

Adds Mme. Galante: "My Oscars were ruined last month by French Customs officials when I brought them over from England. The Customs men apparently thought I was using them the statuettes to smuggle diamonds or heroin into the country and gave them a merciless internal examination. I know Oscar has been looked up to before, by many an actor and actress, but isn't this the first time he's been looked INTO?"

JIMMY VAN HEUSEN'S collaborator on a new song titled "My Love Is Like a Red, Red Rose" for Fox's "Journey to the Center of the Earth" is the long-since-departed Scottish poet Bob Burns. Pat Boone will sing the Burns-Van Heusen words-&-music to Diane Baker — and

paste THIS historic item in your scrapbook: Pat will give Diane the first on-the-lips kiss of his cinema career! But not, of course, until he proposes marriage to the doll.

June Blair got her free X-ray for tuberculosis in her home studio's mobile medical unit and Dick Sargent jibed, "That's the most film they've shot on you out here all year!"

CHANNEL CHATTER — The Chevy chiefs offered Marilyn Monroe a flat \$1,000,000 (and how flat can you get?) — to be paid in one lump sum, spread over a number of years for tax purposes, or whatever other way she wants it — just to film six TV commercials praising their product! The total time for all six plug-uglies will not exceed 10 minutes. Marilyn is mulling it.

Piper Laurie is lit up like a row of footlights over the prospects of playing Ingrid Bergman's daughter in this winter's spec, "The Turn of the Screw," based on the Henry James novel.

SONNY TUFTS and Akim Tamiroff are setting up their tepees in Mexico to shoot all 39 segments of Rondo Productions' new series, Bandidos. Producer Ron Gordon claims his shows are being financed by Minneapolis Mines and that ABC-TV will slot them starting next season.

Jack Benny gave me his answer to all those actors who endorse travelers' checks in the ads: "I never carry more than 50 cents."

Talk about coincidences — Sal Mineo's mother and 17-year-old sister are summer - vacationing with him here in California for the first time. He took them to the Luau for dinner and ran in to his pal Edd Byrnes, who was with HIS mother and 17-year-old sister, and they too are summer-vacationing with Edd here in, etc., etc.!

I ASKED COLUMBIA Pictures producer George Sidney how he managed to shoot the New York City exteriors of the Empire State Building "Who Was That Lady?" so fast — a record two days. George replied, "Well, I thought it would be tough, especially with Dean Martin, Tony Curtis and Janet Leigh in the foreground, but we sneaked them past the crowds on the street, and then when some of the inquisitive fans got hip that there was shooting going on we got rid of them by telling them we were merely shooting TV commercials! That scattered 'em in no time!"

Looks like Phyllis Gales second spouse (her first was Rock Hudson) will be Kent Steinbrenner. He's the swimsuit tsar whose firm makes Lloyd Bridges Sea Hunt garb.

Darryl Hickman howcums: "Howcum all those guys who volunteered to rocket into outer space are married — aren't they happy here?"

Fur Is Flying Throughout the Fall Clothing Collections--Increase in Sales Expected

By GAY PAULEY
UPI Women's Editor
NEW YORK — (UPI) — The fur is flying throughout the fall clothing collections.

There is so much fur used for trim and linings, and so many all fur coats, jackets, stoles and boleros that the industry expects a 20 to 25 per cent increase in sales from last year.

J. George Greenberg, secretary of the Fur Information and Fashion Council, told visiting fashion reporters this week that retail sales for fall and winter should reach \$15 million dollars. Of the total, 90 million dollars will go for fur trimming for sweaters, dresses, suits and coats.

Greenberg said 1959 sales might be the highest since the 1940s. The council, a promotion group representing all facets of the industry, was one of the participants in the week-long series of fashion shows sponsored by the New York Dress Institute's Couture Group.

Greenberg said mink leads all other furs for trimming. Other favorites include beaver, Persian lamb, silver and red fox, opossum, fisher, leopard, lynx and spotted cat (looks like leopard, but is of Argentine origin). Even that rat the hamster goes high style.

The council's fashion show, featuring young designers, used 25 furs in 12 coat styles, all to retail from \$245 to \$750. There were full length coats with an 80-inch sweep to the hemlines; coats with cuffs in white fox, which can be removed to form another fur piece—the "shrug" or shoulder covering; fitted coats with soft dressmaker touches; and great coats reminiscent of those wraparounds of the 1930's.

Scaasi, member of the couture group who showed his daytime and evening clothes Friday, used fur in an unusual evening costume. Chaps, these of silk taffeta were cut like a cowboy's, with a band of gray fox running down each side.

Some of the sleeves in Scaasi's daytime costumes looked like modern variations of the puffy,

log o'mutton. Collars snuggled under the chin. Skirts were draped toward the back, and cut with a pronounced flare at the rear. The front lies flat.

Designer Luis Estevez used two distinct silhouettes—the side drape and the "infanta," which has a pinched -in waist and padded hip effect. Some of the asymmetrical drapes ended with a full flare of skirt; others were pure sheath. In almost all, the bodice is drawn close to the body curves.

Highlights of other collections shown:

Rudolf Gowns — Lots o' floral printed wools for daytime and floral silks for late day at this firm best known for its special occasion clothes.

Junior Sophisticates — Designer Anne Klein showed three major suit silhouettes. One has the jacket belted tightly at the waist. Another has the loose, boxy jacket lined with fur. The "hacking" jacket is doublebreasted, fitted at the waist, and reaches to mid thigh.

Brannel—The costume of jacket and dress dominated this collection.

tion. Brannel jackets mostly are fitted and longer than last year, reaching to the hips.

Monte Sano and Pruzan — Some of the largest fur collars this side of Siberia. By contrast, some suits had necklines which looked almost mandarin in cut.

Edwards Abbott —Hemline news here. Some chiffon dresses come with several yards of ruching at the hem. Other dresses have "pagoda tiers" of flounces.

Vera Stewart—Skirts are slim or flared gently, in a way to flatter both the slight and the often-slighted figure, the woman who wears a size 18, 20, or more.

Business Women's Club Sees Picture on Safety

Members of the Desert Business & Professional Women's Club of Cathedral City were shown a motion picture entitled "A Day in Judge Pfaff's Court" by Don Miller, president of the Palm Springs Safety Council, at their recent meeting.

Miller also spoke about traffic safety and road improvements planned for the desert area. Bob Hill, also of the Safety Council, pointed out the need for all members of the community to support the Safety Council.

A short business meeting followed the potluck supper and film, at which time it was decided to have only one meeting each month for the months of July and August. The next meeting will be held on August 4 at 36-957 Melrose Drive in Cathedral City.

Delegates were elected to attend the forthcoming Southern District Conference which is to be held at the El Cortez Hotel in San Diego on July 25 and 26. They are Euleata Jackson and Anah Seufferer.

Absolute proof... that your local newspaper is your greatest selling aid...

(Regardless of what you have to sell)

Mr. Ward J. Risvold
Publisher, The Desert Sun
Palm Springs, California

Speaking as one newspaperman to another, and therefore as one who recognizes and appreciates the power of the printed word, I want to commend you and The Desert Sun for the thorough manner in which you cover your field through the Display Advertising columns of The Desert Sun, I quickly consummated the sale of my ranch, the Brewer Ranch, in the Thunderbird area.

The response to my advertisement in The Desert Sun convinced me that your newspaper thoroughly covers the Desert Empire and is most widely read.

Again I want to thank you for results which really were results.

Sincerely,
Basil Brewer

A phone call to FA 5-5005 will bring a courteous experienced display advertising salesman to help you with your specific selling problem.

JUBILANT RUSSIAN women track stars celebrated their overwhelming victory over American women in U.S. Soviet track meet Saturday and Sunday at Philadelphia. Russia's male contingent had little cause for happiness. They were drubbed soundly by U.S. spikesters including Villager Parry O'Brien, who hurled record-breaking, 62-foot, 2 1/2-inch shot put on Saturday.

RHUBARB OVER RACE

O'Brien Record Put Aids Win Over Russ

Special to The Desert Sun
PHILADELPHIA, Pa. — Part-time Villager Parry O'Brien will apply for official recognition of his record-breaking, 62-foot, 2 1/2-inch shot put against a team of crack Russian spike stars here Saturday.

O'Brien's mark was the only record broken in the two-day meet which saw America's best throwers lose to the Russians, 127-108, in spite of a mixup that saw officials make a mistake in Saturday's 10,000 meter event.

AMERICA'S WOMEN, who hit

the dust behind the USSR's feminine speedsters by a 63-44 total last year, again failed to catch up with the husky, well-trained Sovietesses and lost by 67-40.

The Reds lumped the two scores last year and claimed a "combined victory" over the U.S. (American men won their meet last year by an equally impressive 126-109.)

THE SATURDAY rhubarb was

occasioned by an official's mistaken call that Russia's Hubert Pyrnakivi had lapped Max Truex of the U.S. The scoring for the 10,000 meters thus placed Truex third behind Pyrnakivi and Alexei Desyatnikov, another Soviet, who won the event.

A review Sunday morning revealed the official's mistake but Russia threatened to "go home" if the AAU reversed the placing and the officials decided to stick by their first — and incorrect — ruling.

O'BRIEN'S THROW was a half inch better than his recognized world record and will probably result in withdrawal of a 63-foot, 2 1/2-inch shot put earlier this year. The Pomona mark was submitted with heavy protest by Southland sports writers.

Solons Lead South to Win In PCL Game

Brown, Krsnich Lead Southerners To All-Star Victory

United Press International
If Monday night's Pacific Coast League All-Star game results have any bearing on what's ahead, Sacramento's Solons should be in fine shape. Sac hurler Winston Brown paved the way as the South continued its domination of the event topping the North at San Diego, 5-2. Brown, the starter, received credit for the win and scored what proved to be the winning run after singling in the third inning.

HE WAS BATTED home on Mike Krsnich's two-run single. Krsnich also plays for Sacramento, currently deadlocked with Vancouver for first place in the PCL. All eight teams have open dates today, but resume action Wednesday. Vancouver is at Sacramento for an important three-game series. Seattle plays Salt Lake City. Spokane meets San Diego and the Portland Beavers travel to Phoenix.

'Ole Satch' Paige Eyes Majors Again

By JIM BROOKS
BELOIT, Wis. (UPI)—The oldest active player in baseball—pitcher Satchel Paige—is dreaming of another shot at the major leagues.

That old black magician of the mound, who has been pitching for more years than anyone can accurately estimate, is, in fact, playing more now than he did during the two preceding seasons when he worked for the Miami Marlins of the International League.

SATCH IS BARNSTORMING with a semi-pro outfit called the Cuban Giants. Dempsey Hovland, owner of the 20th Century Enterprises in Beloit and Paige's manager, says the Giants have already played 53 games this year and that Satch has played in all but two or three. The group has 120 games slated.

On base he is as much of a clown as he is on the mound. He talks to his coach, the umpire, the opposing ball players and the fans.

AS A PITCHER, Paige still has talent. He uses a fast ball about one out of eight pitches. The remainder of the time he tosses curves—one so slow that the umpire could go out to lunch on it—and changeups.

For Satch it's a business, but not a happy one. He would rather be in the major leagues, where he tasted briefly some of the glory that could have been his in the 1920s and '30s had there been no color bars.

PAIGE THINKS about another crack at the big time. "But if they want me," he says, "they'd have to pay me big money."

"I ain't going back for nothing." He claims one American League team has been in touch with him and there's a chance he might be back up there before the season is out.

And he can prove that they remember him "up there." Bill Veeck, his old friend from Cleveland and later St. Louis, has sent Paige two new Chicago White Sox uniforms.

VILLAGE CHAMPS 'JUNIOR POLICE' SLATE EXHIBITION

An exhibition game between the Palm Springs Junior Police, champions of the Village Little League campaign, and the champions of the Coachella Valley Recreation District loop, has been scheduled for 6 p.m., Wednesday, in the Polo Grounds.

The game will pit the Village champs, who also won the Sears Trophy here, against the winner of the six-team league in the CVRD.

The Junior Police defeated the Palm Springs Water Company entry in the Little League loop in two consecutive games to win the title.

Pony Leaguers Set 'Debut' for Polo Grounds

Villagers get an opportunity to watch the two Palm Springs entries in the Coachella Valley Recreation District Pony League this week in the Polo Grounds here.

The teams — Coachella Valley Contractors Association and the Palm Springs Giants — have been denied use of the local field owing to Little League and softball activity.

The Giants play the Coachella Police tonight — preceeding the Desert Sun-Chi Chi vs. Coachella Valley Savings and Loan softball game — at 6 p.m. in the Polo Grounds.

At 6 p.m., Thursday, Coachella Valley Contractors Association meets the Indio Lions on the same field. The softball game between the Desert Sun - Chi Chi and the Biltmore Hotel will follow.

In last night's tilt between the two teams, the CVCA nine notched a 9-6 victory over the Giants after registering five runs — on no hits — in the first inning.

Steve Carrillo hit a homer for the losing Giants and Ernie Reyes belted one for the winners. Both round-trippers came with two men on.

Money-Crazy L.A. Eyeing League Title

Drysdale's 4-Hitter Curbs San Francisco; Craig Hurls Today

United Press International
The Dodgers are looking to louse up the Giants again and this time they have two of the strongest motives in the world—money and revenge.

Like all ball players, the Dodgers can count on most of them already have done some mental arithmetic as to how much a single share would come to if the World Series is played in Los Angeles' mammoth Coliseum this fall.

THERE'S LITTLE question that a World Series involving the Dodgers would set an all-time record for players' share, eclipsing the current mark established during the 1954 World Series between the Giants and Indians in which a winning share came to \$11,147.90 and a losing share was worth \$6,712.50.

Then there's a little matter of revenge, too. Last year, the Dodgers contributed most to the Dodgers' sorry seventh-place finish by beating them 16 out of 22 times. This year, though, things are a bit different.

THE DODGERS scored their eighth victory in 15 games with the Giants so far when they defeated them, 3-2, Monday to climb within 1 1/2 games of the pace-setting San Francisco.

The Cardinals blanked the Cubs, 2-0, in the only other National League game scheduled. All teams in the American League were idle.

CHARLEY NEAL settled matters in the Dodgers-Giants game when he led off the ninth inning with his 12th homer of the season after southpaw Johnny Antonelli had retired 21 straight batters.

Roger Craig (4-1) will face toothpick-chewing Sam Jones (13-9) in today's tilt. The Giants try to even up the season record with the Dodgers, who now hold an 8-7 edge in games between the two clubs.

Archie's Fight Plan 'Depends on Wife'

SAN DIEGO — (UPI) — Archie Moore, looking worried and tired after his cross-country trip to be with his ailing wife, said today his training plans for the Yvon Durelle fight on July 29 "depend on how my wife does."

The world light-heavyweight champion arrived here early today and went directly to the seventh floor of Sharp Memorial Hospital where his wife, Joan, was recovering from a five-hour operation performed Monday night.

MOORE SPENT about a half hour sitting by the bedside of his wife who was sleeping and under heavy sedation.

Mrs. Moore's condition was reported as satisfactory after the lengthy surgery in which a non-malignant tumor, which had been pressing against her brain, was removed from her inner ear.

MOORE WAS SUMMONED from his Montreal training camp Monday by Dr. Kenneth Cales who warned: "Your wife's life is at stake."

Jack Kearnes, Moore's manager, said in Montreal Monday night that he expected the veteran boxer to return to the training camp today, but Moore said his only immediate plans were to spend some more time at his wife's bedside and then go to his home and sleep.
